

Sundridge & Brasted C of E Primary School

**SUNDRIDGE
& BRASTED**
CE PRIMARY SCHOOL

PE and Sport Premium Grant Expenditure 2024–25

Sundridge & Brasted CE Primary School

Total Spend: £16,774

1. CPD (Continuing Professional Development)

Total Spend: **£699**

We recognise that confident, knowledgeable staff are key to providing high-quality PE and sport. This year, we invested in:

- **Upskilling staff to deliver swimming lessons – £500**
- Staff received specialist training to help deliver effective swimming instruction, ensuring pupils meet the national curriculum requirements for water safety and swimming proficiency.
- **Online training/resource development – £199**
- Staff accessed online CPD tools and platforms to support PE delivery and enhance pupil engagement across the school.

No funds were allocated this year to external PE courses, internal development sessions, inter-school CPD, or the use of external coaches to support staff development.

2. Internal Activities

Total Spend: **£15,000**

This represents the majority of our investment and reflects our ongoing commitment to promoting active lifestyles and embedding physical activity across the school day.

- **Extra-curricular opportunities – £7,200**
- Forest School was delivered for all pupils across the academic year and was led by a fully qualified Forest School practitioner. We utilised local woodland and farmland enabled by our very kind neighbours who own the land.
- **Top-up swimming lessons/aquatic opportunities – £2,125**

- Additional swimming lessons were offered to pupils across the school who had not yet met the expected swimming standard, improving safety and confidence in water.
- **Active travel – £4,800**
- We used this funding to improve the opportunities for physical activity across the school day, giving children more opportunities to move and be active.
- **PE equipment and resources – £875**
- New equipment was purchased to refresh and expand our PE provision, ensuring high-quality experiences in both lessons and clubs.

No funds were allocated this year on internal sports competitions, platform subscriptions, or membership fees.

3. External Activities

Total Spend: **£1,075**

We aim to raise aspirations and foster team spirit through competitive opportunities with other schools.

- **School Games Organiser Network events – £250**
- This funded our participation in School Games events, giving pupils opportunities to represent the school and engage in healthy competition.
- **Other inter-school sports competitions – £825**
- We took part in additional inter-school tournaments and festivals, often working with local schools and networks to ensure children from across year groups could participate.

No funds were allocated this year for external coaching staff this year.

Summary

- **Total spent on CPD: £699**
- **Total spent on internal activities: £15,000**
- **Total spent on external activities: £1,075**
- **Grand total of PE and sport premium funding spent: £16,774**
