

Kemsing Primary School

PE and Sport Premium Grant Expenditure 2025–26

Funding and expenditure summary

Funding / expenditure	Amount
Grant allocation recorded in the spreadsheet	17,530
CPD (Continuing Professional Development)	£ 1,950
Internal activities	£14,335
External activities	£ 3,085
Confirmed total expenditure	£19,370
Confirmed expenditure above the DfE allocation	£ 1,840

1. CPD (Continuing Professional Development)

Total recorded spend: £1,950

This investment is intended to strengthen staff knowledge, confidence and capability in PE, sport and physical activity.

External training — £450

- Expenditure recorded for external training sessions to deepen subject knowledge and ensure best practice across the school.

Internal / online training — £1,500

- Expenditure recorded for internal and online training, allowing collaborative planning and upskilling with a focus on inclusive PE and active learning across the curriculum.

2. Internal Activities

Total recorded spend: £14,335

These categories cover additional activity opportunities, swimming, outdoor activity and resources.

Extra-curricular opportunities — £1,600

To broaden access to physical activity beyond curriculum lessons.

- Clubs including dance, football, gymnastics, and other physical activities were offered throughout the year, improving children's access to sport beyond the classroom.

Internal sports competitions — £150

- To support opportunities for pupils to take part in competition within school.
- Intra-school events were delivered to build confidence and foster healthy competition within the school community.

Top-up swimming — £4,420

- To help pupils who need additional support to achieve swimming and water safety standards, promoting safety, confidence, and skill development.

Forest School — £3,890

- Recorded expenditure for Forest School provision, providing outdoor creative learning for children.

Active travel — £2,300

- Our school promoted opportunities for children to become more physically active during the school day, both on the playground and the field.

PE equipment and resources — £1,775

- To support access to a range of physical activities, and investment in new and replacement PE equipment ensured inclusive and engaging provision across all year groups.

Educational platforms — £200

- Expenditure recorded for educational platforms that support lesson planning and enhance children's physical literacy through interactive content.

3. External Activities

Total recorded spend: £3,085

These categories support access to wider sporting opportunities and specialist expertise.

School Games Organiser — £250

- Expenditure recorded for access to the School Games Organiser network, enabling pupils to attend district-wide sports festivals and competitions in a structured, supportive environment.

Other inter-school competitions — £150

- To support competition with other schools.
- Children represented the school in additional sporting fixtures, developing teamwork, determination, and school spirit.

External coaching — £2,685

- Expenditure recorded for external coaching enhance lesson delivery, develop specific skills in sports such as football and cricket, and enrich after-school club provision.

4. Impact and Sustainability

The expenditure supported a broad offer of PE, sport and physical activity, alongside investment in staff development and swimming. The evaluation below draws on the recorded expenditure, Kemsing's established provision and the supplied Year 6 swimming outcomes. Where activity-level participation or before-and-after assessments are unavailable, impact is described qualitatively rather than quantified.

Area	Impact on	How improvement will be sustained
Staff development	1,950 was recorded for external, internal and online training. This investment supports staff knowledge and capacity to provide inclusive PE and physical activity. The available records do not establish the specific changes in teaching or pupil attainment attributable to the training.	Retaining staff expertise provides a basis for sustained improvement. The PE lead can reinforce this through shared planning, practical modelling and support for colleagues, with future training informed by pupil needs and monitoring of provision.
Clubs, physical activity and competitions	Kemsing's football club, school fixtures, partnership sporting opportunities, interhouse competitions and Sports Day provide several routes into participation.	The established house system and partnership links provide a continuing structure for activity and competition.

	The interhouse programme ran during 2025–2026 and included Sports Day, supporting teamwork, determination and opportunities to represent a house. The recorded investment in extra-curricular opportunities, competitions, Forest School and active travel supports a broader activity offer. Participation totals and outcomes for SEND and disadvantaged pupils are not available in the supplied records.	Maintain a varied club offer and use participation records to identify pupils who are less involved, including SEND and disadvantaged pupils, so that future opportunities and reasonable adjustments address barriers to access.
Swimming and water safety	£4,420 was recorded for top-up swimming. Of the 30 Year 6 pupils, 28 (93%) met the 25-metre standard, 22 (73%) used a range of strokes effectively and 12 (40%) met the safe self-rescue standard. Distance swimming was the strongest outcome; stroke technique and especially self-rescue remain priorities.	Keep individual assessments against all three standards and use these to target additional support after core lessons. Prioritise self-rescue and effective stroke use, retain assessment records between year groups, and review progress with the swimming provider to inform future provision.
Equipment, platforms and coaching	£1,775 was recorded for PE equipment, £200 for educational platforms and £2,685 for external coaching. These investments support the resources and specialist input available for physical activity. Kemsing's established football and wider sporting provision offer contexts for their use; the supplied records do not identify the particular purchases, coaching sessions or measurable outcomes resulting from each item.	Maintain and reuse suitable equipment across year groups and clubs, and review platform use before renewal. Build staff learning into specialist coaching so that knowledge remains in school. Assess future purchases and coaching against pupil needs, access and participation, with the aim of sustaining inclusive provision beyond individual funded sessions.

5. Year 6 Swimming and Water Safety

Year 6 cohort: 2025–2026. Cohort size: 30 pupils.

National curriculum requirement	Pupils meeting requirement	Percentage meeting requirement
Swim competently, confidently and proficiently over a distance of at least 25 metres	28/30	93%
Use a range of strokes effectively	22/30	73%
Perform safe self-rescue in different water-based situations	12/30	40%

Percentages are rounded to the nearest whole number. The £4,420 top-up swimming cost is already included in internal activities and is not added to the total again.
